

**In Geography, we will be finding out:**

How much of our planet is water and how much is land.

How water can provide a habitat for different living things.

What it might be like to live somewhere where there is not much water.

**In Science, we will be finding out:**

How water helps plants to grow.

How water can change, from a solid to a liquid to a gas.

How much water we need to stay fit and healthy.

Why it is important to wash our hands and keep them clean.

**Music**

Continuing to learn how to play the Ocarina.

**Votes for schools**

Weekly lesson to help support spiritual, moral, social and cultural development through pupil voice and voting opportunities.

**PE**

PE with Sharon on a Thursday

**In International, we will be finding out:**

How some people around the world do not have access to clean water.

How we can help to improve the lives of people in poorer countries.

**Spring Term**

**IPC**

**Water World**
